PROFESSIONAL SUMMARY

Certified Java Full Stack Developer with expertise in Java 8/21, Spring Boot, Spring Security, JWT, REST APIs and React.js. Hands-on experience through internship at Saiket Systems. Skilled in building scalable web applications following OOP principles. Available for immediate joining — WFH/WFO/Hybrid.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, Bootstrap 5, JavaScript, Axios

Backend: Java 8/21, Spring Boot, Spring MVC, Spring Security, Hibernate, JPA

Database: MySQL, JDBC, SQL

Security: JWT, Spring Security

Tools: Git, GitHub, Maven, Postman, Eclipse, VS Code

Concepts: OOP, Collections, Stream API, Lambda, Exception Handling

INTERNSHIP EXPERIENCE

Java Development Intern | Saiket Systems | Remote May – June 2026

- Developed Core Java applications implementing OOP, Collections, File Handling and Exception Handling.
- Built Banking System, To-Do List Application and Text File Analyzer.

PROJECTS

1. Quiz Management System

github.com/NehaDarawade/quiz-management-system

Stack: Java 21, Spring Boot, Spring Security, JWT, Hibernate, Spring Data JPA, MySQL, React.js, Axios

- Developed a full-stack Quiz Management System with secure JWT authentication and Spring Security. Built RESTful APIs for managing quizzes, questions and students with automatic score calculation and React frontend via Axios.

2. Employee Management System

github.com/NehaDarawade/employee-management-system

Stack: Java 8, Spring Boot, Spring MVC, React.js, MySQL, Maven, REST API

- Designed and developed a full-stack Employee Management System using Java 8 and Spring Boot with React.js frontend. Implemented RESTful APIs for complete CRUD operations with role-based admin panel and MySQL database integration.

3. Inventory Management System

github.com/NehaDarawade/inventory-management-system

Stack: Java, Spring Boot, React.js, Bootstrap 5, MySQL, REST API

- Built a full-stack Inventory Management System to automate product tracking using Spring Boot REST APIs and React.js. Implemented real-time stock tracking with automated low-stock alerts and complete sales and purchase history using MySQL.

EDUCATION

Qualification	Institution	Year	Score
M.Sc. Computer Science	Dr. D. Y. Patil ACS College, Pune	2021–2023	88.20%
B.Sc. Computer Science	MIT Arts, Commerce & Science College	2018–2021	76.00%
HSC (12th)	Shri Bhairavnath Sec. & Higher Sec. School	2018	58.60%
SSC (10th)	Shri Nageshwar Vidyalay, Moshi	2016	73.00%

CERTIFICATION & KEY ACHIEVEMENTS

Certification: Java Full Stack Developer — Giris Tech Hub, Pune

- Achieved 88.20% in M.Sc. CS | Developed 3 full-stack applications | Implemented JWT authentication with Spring Security
- Completed remote internship at Saiket Systems | Available for immediate joining
